

EVIDENCE-BASED PRACTICES IN AUTISM SPECTRUM DISORDERS

Presented by

Christine Reeve PH.D., BCBA-D

Audience: Special and General Education Teachers, Administrators, BCBA's, Social Workers, Counselors, Psychologists, PTs, Paraprofessionals, SLPs

This presentation is an overview of the evidence-based practices based on the research literature and the reports of the National Professional Development Center for Autism Spectrum Disorders and the National Autism Center. The presentation includes a summary of the research, an overview of each strategy and examples of implementation of the strategy. Strategies for evaluating claims of effectiveness of interventions are also discussed as well as ways that the strategies can be implemented in a school environment.
