

## Knowing Community Resources to Aid in Transition Planning

This workshop focuses on the role of the school social worker in the transition process. Participants of this workshop will learn resources available for individuals who are in the transition to adulthood. Participants will walk away with LOCAL resources for “hot button” topics like Guardianship, ABLE Accounts, Special Needs Trusts, Day-Training Programs, Group Homes, Transportation and MANY more! We will also include in our discussion a look at PUNS and what services are available once an individual receives funding. Have a resource that you’d like share? Feel free to bring it and share it out at the end if it was not mentioned!
